ACOUSTIC LUXURY SALON

CODE: MHT-01

Bespoke private cinema chamber wrapped in hand-stitched diamond-quilted acoustic fabric panels with integrated brass warm sconces. Engineered with high-efficiency sound diffusion foam cores and dual ergonomic leather recliners for an intimate audiophile viewing sanctuary.

- Multi-layer NRC 0.85 acoustic fabric panels dampening flutter echoes and low-frequency boom
- Ceiling-mounted 4K true laser projector calibrated for DCI-P3 cinema color reproduction
- Concealed Dolby Atmos architectural surround sound speakers embedded behind acoustic walls
- Dual electric reclining loungers with whisper-quiet motorized headrests and lumbar support

DESIGN REF: MHT-01

TIERED RECLINER SUITE

Authentic commercial-grade cinema experience scaled for private residences, featuring a two-tier elevated platform with luxury top-grain leather recliners. Complemented by custom LED-backlit acrylic movie poster lightboxes and high-density acoustic carpeting.

- Architectural dual-tier riser platform with vibration-dampening acoustic subflooring
- Eight motor-controlled leather cinema seats with individual beverage coolers and USB ports
- Bespoke perimeter movie poster lightbox gallery with flush architectural reveal trims
- 135–inch acoustically transparent woven projection screen hiding front tri-amplified speakers

COFFERED TIMBER CINEMA

Architectural blend of traditional teak coffered ceilings and modern dark acoustic walls. Features deep-buttoned matte black acoustic wall cushions, custom solid wood AV credenza, and an expansive modular sectional designed for family film screenings.

- Artisanal solid teak wood coffered ceiling grid acting as natural acoustic sound scatterers
- Wall-to-wall acoustic tufted sound absorption pads minimizing standing room waves
- Custom handcrafted walnut media console housing hidden AV receivers with active cooling fans
- Plush multi-seat L-sectional sofa upholstered in stain-resistant micro-suede velvet

WARM AMBIENT OLED SANCTUARY

Sophisticated modern home theater living space anchored by an immense 98-inch 4K OLED display surrounded by 2700K indirect halo lighting. Features low-profile Italian-styled floor sectionals and floating media joinery.

- High-dynamic range 98-inch cinema OLED display delivering infinite contrast and zero light bleed
- Concealed architectural perimeter LED profile delivering uniform shadowless bias lighting
- Ultra-deep Italian-inspired modular chaise lounge in heavy-weave oatmeal chenille fabric
- Floating matte lacquer and smoked oak equipment bench with invisible magnetic wiring raceways

ARCHITECTURAL STRIP LIGHT LOUNGE

Bold contemporary movie lounge defined by continuous architectural LED light ribbons wrapping seamlessly from the wall into the ceiling plane. Finished in deep moody charcoal acoustics with an oversized modular cloud daybed.

- Flush architectural aluminum plaster-in LED channels with smooth 0–100% magnetic dimming
- Dark acoustic wall paneling engineered to eliminate reflection glares during movie projection
- Deep multi-tier modular lounge seating with feather-down pillow topping for ultimate relaxation
- Subwoofer isolation platform integrated beneath seating to deliver tactile sub-bass punch

CONTEMPORARY DUAL-TIER THEATER

Refined modern theater room with symmetrical vertical light blades that accentuate wall geometry. Equipped with tiered rows of premium black leather recliners and a dedicated center-stage acoustic sound bar platform.

- Symmetrical architectural vertical sconce lighting providing ambient non-distracting navigation
- Dual-tier stepped seating layout ensuring 100% unobstructed sightlines for all viewers
- Heavy-duty commercial carpet underlay providing exceptional footstep impact sound deadening
- Precision room EQ tuning compensating for room modes and low-frequency resonance

GOLDEN COVE DAYBED CINEMA

Opulent sensory movie retreat featuring an expansive backlit ceiling cove illuminated with golden warm hues. Centered around a sumptuous double-wide velvet daybed lounger for the ultimate cozy cinematic escape.

- Artisanal hand-textured ceiling cove with indirect 2400K ultra-warm amber perimeter illumination
- Double-depth master cinema daybed layered with velvet bolsters and heavyweight acoustic throws
- Dark non-reflective matte granite feature wall framing the screen for maximum visual pop
- Multi-zone smart automation integrating lighting, climate, and surround audio presets

JAPANDI FLUTED WOOD THEATER

Warm and tranquil Japandi entertainment lounge combining natural white oak fluted acoustic wall slats with concealed sound-dampening felt backing. Features relaxed low-profile floor seating and soothing perimeter ceiling illumination.

- Architectural natural oak fluted slats mounted over recycled PET acoustic felt for sound absorption
- Recessed continuous cove lighting defining the ceiling perimeter with soft indirect glow
- Low-slung modular lounge seating and wool poufs creating an organic, grounded atmosphere
- Integrated hidden storage cabinetry concealing game consoles, media players, and switchgear

STARLIGHT FIBER-OPTIC VAULT

Immersive deep-space cinema environment boasting a handcrafted fiber-optic starlight ceiling with shooting star effects. Complemented by wall-to-wall acoustic charcoal felt paneling and high-pile shag carpeting.

- Over 600 individually drilled fiber-optic starry constellation points with variable twinkle modes
- Full wall-to-wall 2.39:1 Cinemascope acoustic projection screen with motorized side masking
- Ultra-dense charcoal polyester fiber wall acoustic panels eliminating room echo and reverberation
- Custom low-profile sectional sofa with wide ottomans upholstered in deep graphite performance velvet

CURVED LUXURY HORIZON SUITE

CODE: MHT-13

State-of-the-art contemporary private screening room featuring an iconic curved crescent velvet sofa and matching armchairs. Accented with warm copper linear architectural lighting and dark acoustic wall linings.

- Custom-engineered curved crescent daybed sofa optimizing viewing angles toward the center screen
- Perimeter copper-tinted cove lighting and dark architectural reveals creating theatrical contrast
- Reference-grade 4K laser projection delivering vibrant HDR10+ cinematic colors and deep blacks
- Concealed discrete acoustic bass traps tucked neatly into room corners behind fabric facades
