GOLDEN WALNUT WOOD-FINISH CASEMENT WINDOW

Architectural two-sash casement window featuring authentic hot-melt wood grain lamination in warm walnut tones. Combines the timeless natural warmth of timber with zero-maintenance, rot-free, and termite-proof UPVC durability.

- High-performance German Renolit exterior-grade woodgrain laminate foil
- Heavy-duty stainless steel 304 friction stays supporting up to 90° opening
- Integrated overlap sash design preventing air leakage under high wind loads
- Low thermal conductivity reducing indoor air conditioning energy load
