POP DESIGN

CODE: CL-S01-AURA

AURA

An architectural false ceiling defined by criss-crossing geometric gypsum troughs, perimeter warm LED cove lighting, and recessed directional spotlights.

DESIGN HIGHLIGHTS:

- Multi-layered geometric intersecting gypsum channels
- Concealed 3000K warm perimeter cove lighting
- Flush-mounted architectural directional downlights
- Clean sharp-edge corner profile plasterwork
- Contemporary hall aesthetic with ceiling fan integration

DESIGN REF: CL-S01-AURA

Geometric • Luminous • Architectural

POP DESIGN

CODE: CL-S02-NOVA

NOVA

A soft curvilinear island ceiling featuring sweeping rounded corners, recessed warm perimeter halos, and a central crystal pendant in an elegant living lounge.

DESIGN HIGHLIGHTS:

- Sweeping curvilinear floating tray profile
- Continuous concealed perimeter warm LED halo
- Central crystal chandelier suspension point
- Anti-crack gypsum board construction
- Creates an inviting and expansive living room ambience

DESIGN REF: CL-S02-NOVA

Curvilinear • Elegant • Sophisticated

POP DESIGN

CODE: CL-S03-LUMEN

LUMEN

An expressive parametric ceiling featuring freeform undulating recessed light channels with warm LED strips extending seamlessly across a luxury kitchen and dining space.

DESIGN HIGHLIGHTS:

- Freeform organic flowing light channels
- Recessed flexible warm LED strip lighting
- Seamless plaster transition into perimeter soffits
- Integrated downlights for focused prep lighting
- Dynamic architectural character and movement

DESIGN REF: CL-S03-LUMEN

Organic • Expressive • Dynamic

POP DESIGN

CODE: CL-S04-VERVE

VERVE

A striking corridor ceiling featuring recessed diamond-shaped coffers with central warm spotlights and backlit perimeter cove margins.

DESIGN HIGHLIGHTS:

- Repetitive diamond coffer geometric pattern
- Centrally placed warm beam micro-spotlights
- Recessed perimeter ambient light channels
- Enhances visual depth in elongated hallways
- High-precision laser-aligned gypsum joinery

DESIGN REF: CL-S04-VERVE

Geometric • Rhythmic • Architectural

POP DESIGN

CODE: CL-S05-ELARA

ELARA

A dining room ceiling feature pairing warm horizontal wooden louvres with a recessed perimeter cove and a cluster of contemporary glass pendant fixtures.

DESIGN HIGHLIGHTS:

- Warm natural timber slatted ceiling inlay
- Recessed perimeter warm white cove lighting
- Dedicated multi-tier glass pendant suspensions
- Defines dining zones in open-concept floor plans
- Acoustic dampening with textural warmth

DESIGN REF: CL-S05-ELARA

Warm • Artisanal • Balanced

POP DESIGN

CODE: CL-S06-ZENITH

ZENITH

A modern passage ceiling characterized by an illuminated serpentine S-curve light trough that guides movement with ambient warm illumination.

DESIGN HIGHLIGHTS:

- Continuous serpentine S-curve cove recess
- Concealed uniform flexible LED diffusion strip
- Integrated minimalist flush downlights
- Clean shadow gap detailing along wall edges
- Transforms transitional corridors into design journeys

DESIGN REF: CL-S06-ZENITH

Fluid • Sculpted • Modern

POP DESIGN

CODE: CL-S07-VORTEX

VORTEX

A dramatic luxury penthouse ceiling featuring three-dimensional sculpted parametric gypsum waves with concealed edge illumination across a grand double-height hall.

DESIGN HIGHLIGHTS:

- Three-dimensional parametric sculpted waves
- Concealed directional light grazing across curves
- Custom CNC-formed gypsum fibrous acoustic panels
- Dramatic focal point for high-ceiling living rooms
- Museum-grade contemporary plaster artistry

DESIGN REF: CL-S07-VORTEX

Parametric • Opulent • Sculptural

POP DESIGN

CODE: CL-S08-KINETIC

KINETIC

A clean architectural design combining concentric angular ceiling steps with integrated recessed spotlight grids and warm cove perimeter bands.

DESIGN HIGHLIGHTS:

- Concentric angular ceiling stepped profiles
- Precision-aligned dual recessed spotlight rows
- Concealed perimeter light channels for ambient wash
- Matte white finish enhancing spatial height
- Crisp contemporary living hall detailing

DESIGN REF: CL-S08-KINETIC

Crisp • Concentric • Contemporary

POP DESIGN

CODE: CL-S09-SOLARIS

SOLARIS

A sophisticated living room ceiling featuring a centrally recessed acoustic stippled panel bathed in warm indirect cove light and framed by recessed downlights.

DESIGN HIGHLIGHTS:

- Central recessed acoustic textured panel field
- Perimeter continuous 2700K warm LED cove wash
- Evenly spaced perimeter spotlight grid
- Enhanced room acoustic balance and softness
- Timeless modern luxury aesthetic

DESIGN REF: CL-S09-SOLARIS

Textured • Ambient • Serene

POP DESIGN

CODE: CL-S10-CASCADE

CASCADE

An expansive grand-hall ceiling sculpt featuring undulating multi-layer gypsum contours that ripple outwards across open-plan living and foyer areas.

DESIGN HIGHLIGHTS:

- Multi-layered cascading gypsum wave contours
- Concealed ambient backlighting along stepped curves
- Accommodates central ceiling fan and chandeliers
- Architectural scale designed for spacious villas
- Handcrafted curved transition profiles

DESIGN REF: CL-S10-CASCADE

Cascading • Grand • Architectural

POP DESIGN

CODE: CL-S11-STRATA

STRATA

A clean minimalist suspended ceiling slab with a powerful upward warm cove halo and integrated downlights hovering over a contemporary kitchen and dining space.

DESIGN HIGHLIGHTS:

- Suspended floating island slab architecture
- Upward-projecting 3000K indirect cove halo
- Flush-mounted glare-free kitchen downlights
- Defines functional zones with understated grace
- Ultra-matte moisture-resistant ceiling finish

DESIGN REF: CL-S11-STRATA

Floating • Minimal • Refined

POP DESIGN

CODE: CL-S12-CHROMA

CHROMA

A rich luxury ceiling pairing warm wooden rafters with multi-tiered gypsum tray profiles, accent cove lighting, and perimeter downlights in a formal drawing room.

DESIGN HIGHLIGHTS:

- Warm walnut timber rafter inlays
- Multi-tier stepped gypsum perimeter tray
- Warm indirect cove lighting across dual levels
- Integrated AC supply diffusers in shadow reveals
- Harmonious balance of natural wood and clean white

DESIGN REF: CL-S12-CHROMA

Layered • Warm • Luxurious

POP DESIGN

CODE: CL-S13-STELLA

STELLA

A grand neoclassical-modern ceiling featuring an intricate intersecting geometric star coffer, warm cove backlighting, and a central crystal chandelier in a villa drawing room.

DESIGN HIGHLIGHTS:

- Intricate intersecting star geometric coffer design
- Indirect warm LED cove backlighting along all facets
- Central crystal chandelier focal mounting
- Symmetrical ceiling layout elevating room proportions
- Flawless precision molding and seam finishes

DESIGN REF: CL-S13-STELLA

Stately • Geometric • Masterpiece

POP DESIGN

CODE: CL-S14-LINEA

LINEA

A futuristic architectural concept featuring illuminated ceiling troughs that waterfall down the wall into vertical light fins with integrated spotlights.

DESIGN HIGHLIGHTS:

- Continuous ceiling-to-wall waterfall light ribs
- Recessed warm LED channel illumination
- Punctured directional downlights along ceiling bays
- Creates an immersive architectural envelopment
- Custom laser-formed gypsum profiles

DESIGN REF: CL-S14-LINEA

Futuristic • Linear • Immersive

POP DESIGN

CODE: CL-S15-ORGANIC

ORGANIC

A playful organic ceiling island resembling a soft river pebble, featuring recessed warm cove lighting and a suspended concentric black ring chandelier.

DESIGN HIGHLIGHTS:

- Soft biophilic pebble-shaped island profile
- Concealed 360-degree perimeter warm cove glow
- Modern minimalist black ring pendant fixture
- Softens angular rooms with organic curvature
- Even shadow-free ambient room distribution

DESIGN REF: CL-S15-ORGANIC

Biophilic • Soft • Luminous

POP DESIGN

CODE: CL-S16-RIPPLE

RIPPLE

A layered organic ceiling featuring undulating curvilinear profiles that frame a dining area and suspend an artistic cluster of glass globe pendants.

DESIGN HIGHLIGHTS:

- Multi-tier fluid curvilinear ceiling layers
- Integrated warm cove glow between overlapping tiers
- Centrally suspended cluster globe pendant lights
- Visually delineates open dining and kitchen zones
- Seamless skimmed plaster with zero visible joints

DESIGN REF: CL-S16-RIPPLE

Fluid • Artistic • Harmonious

POP DESIGN

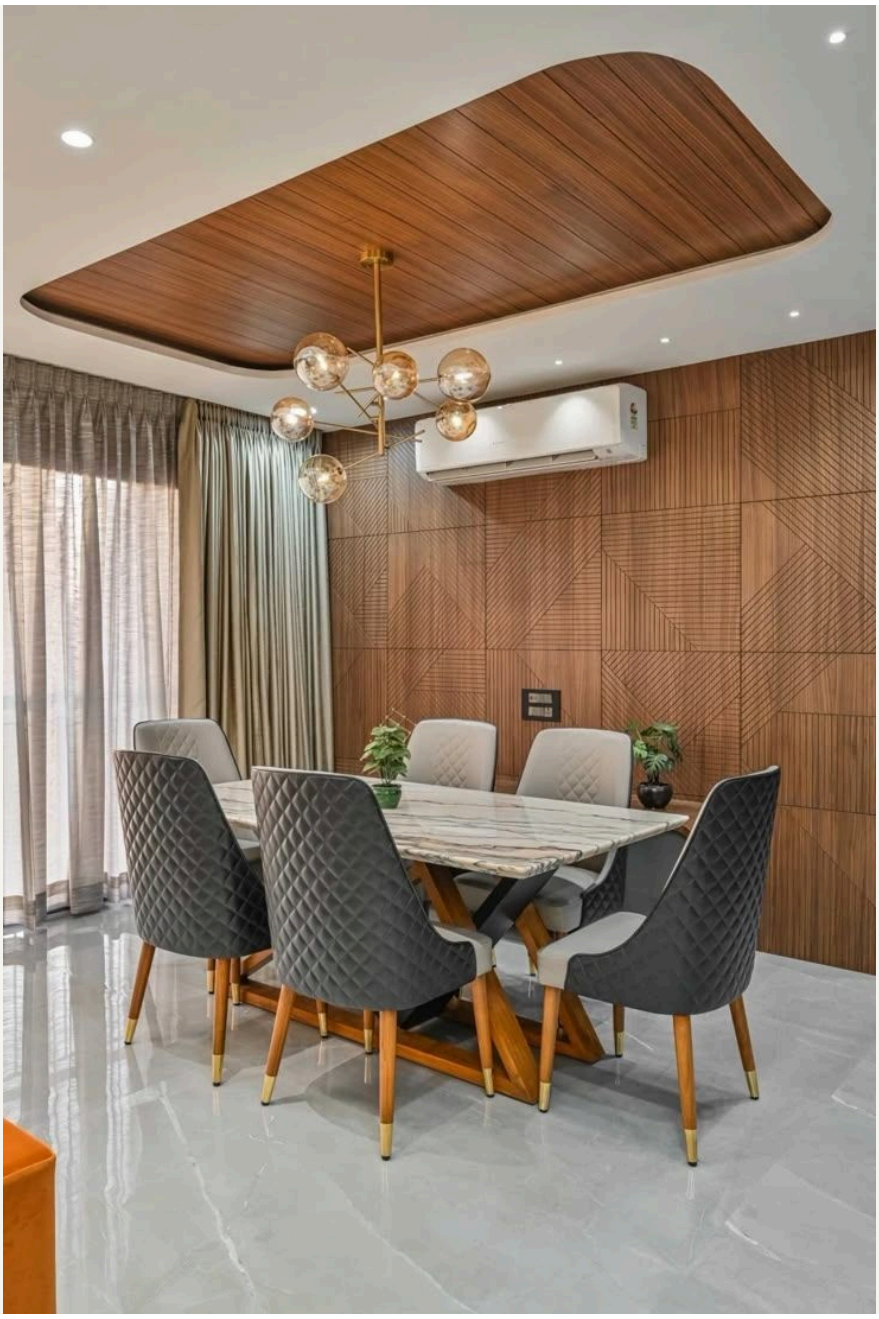

CODE: CL-S17-TERRA

TERRA

A warm dining ceiling feature crafted from natural wood veneer formed into an organic sweeping raft, accented by perimeter cove light and a modern brass chandelier.

DESIGN HIGHLIGHTS:

- Organic sweeping curved wood veneer raft
- Concealed ambient backlighting casting warm shadows
- Suspended multi-arm brass molecular chandelier
- Pairs with matching fluted wood wall panelling
- Warm organic focal point for contemporary dining

DESIGN REF: CL-S17-TERRA

Organic • Tactile • Warm

POP DESIGN

CODE: CL-S18-TIMBER

TIMBER

An architectural open-plan ceiling featuring a rich grid of exposed timber beams and coffers with warm recessed spotlights in a luxury kitchen and dining suite.

DESIGN HIGHLIGHTS:

- Architectural coffered timber beam grid system
- Warm recessed downlights inside every coffer bay
- Rich teak-stained timber trim with white ceiling fields
- Adds monumental warmth to high-ceiling spaces
- Precision structural millwork carpentry

DESIGN REF: CL-S18-TIMBER

Coffered • Monumental • Timeless

POP DESIGN

CODE: CL-S19-ELEVATE

ELEVATE

A soaring double-height villa ceiling designed with concentric layered perimeter steps, indirect cove washes, recessed spots, and a grand pendant suspension.

DESIGN HIGHLIGHTS:

- Engineered for double-height architectural living halls
- Concentric multi-step perimeter gypsum moldings
- Powerful high-output warm LED cove light channels
- Ceiling fan integration with decorative crystal pendant
- Enhances spatial verticality and volume

DESIGN REF: CL-S19-ELEVATE

Soaring • Regal • Grand

POP DESIGN

CODE: CL-S20-FLOW

FLOW

A captivating POP design featuring dual meandering light channels running through an open-concept penthouse lounge, accompanied by directional spot arrays.

DESIGN HIGHLIGHTS:

- Dual meandering curved ceiling light channels
- Continuous flexible LED light diffusion
- Linear spotlight tracks along main travel paths
- Unifies sprawling living and dining areas
- Bespoke architectural gypsum craftsmanship

DESIGN REF: CL-S20-FLOW

Sinuous • Expansive • Visionary

POP DESIGN

CODE: CL-S21-MONOLITH

MONOLITH

An industrial-luxury penthouse living room ceiling featuring micro-cement plaster textures framed by a perimeter dropped soffit and recessed linear LED channels.

DESIGN HIGHLIGHTS:

- Tactile micro-cement plaster field texture
- Perimeter dropped soffit with warm ambient wash
- Concealed linear magnetic spotlight tracks
- Understated brutalist-contemporary elegance
- Seamless transition to full-height glazing

DESIGN REF: CL-S21-MONOLITH

Architectural • Industrial • Refined

POP DESIGN

CODE: CL-S22-CAPSULE

CAPSULE

A pill-shaped stadium ceiling tray with rounded semicircular ends, warm recessed cove lighting, and a modern glass chandelier above a dining area.

DESIGN HIGHLIGHTS:

- Symmetrical pill-shaped stadium tray profile
- Soft continuous perimeter cove illumination
- Central suspension point for statement lighting
- Smooth curved transition to main ceiling plane
- Space-defining geometry for dining or halls

DESIGN REF: CL-S22-CAPSULE

Rounded • Harmonious • Contemporary

POP DESIGN

CODE: CL-S23-PRISM

PRISM

A luxury false ceiling combining an illuminated CNC-patterned acoustic panel field with warm stepped coves and circular pendant light fixtures.

DESIGN HIGHLIGHTS:

- Centrally backlit CNC geometric acoustic ceiling field
- Concentric stepped outer cove light channels
- Warm diffused glow eliminating surface glare
- Integrated wall sconce and halo mirror harmony
- High decorative detail for master living suites

DESIGN REF: CL-S23-PRISM

Intricate • Luminous • Opulent

POP DESIGN

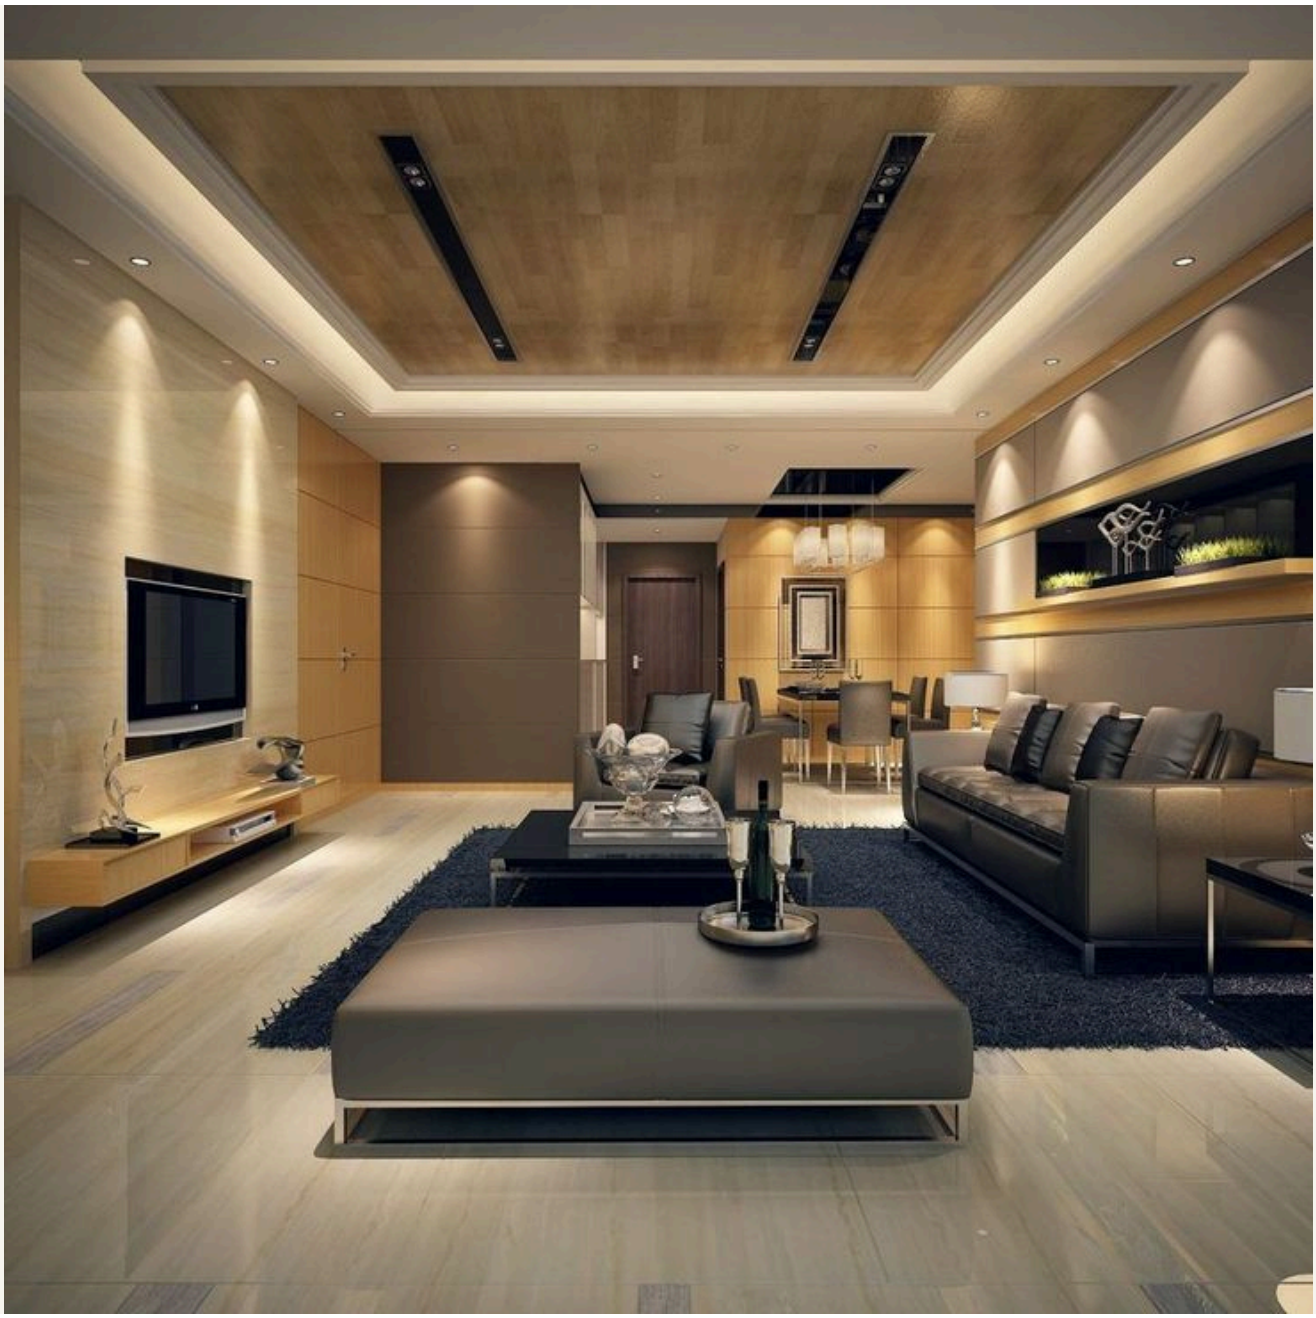

CODE: CL-S24-VALLEY

VALLEY

A handsome living room ceiling featuring a centrally recessed natural wood plank tray bordered by warm cove lighting and perimeter gypsum downlights.

DESIGN HIGHLIGHTS:

- Natural warm timber plank central ceiling insert
- Recessed 3000K warm cove halo around wood tray
- Perimeter gypsum soffit with flush downlights
- Matches media wall and hardwood flooring tones
- Brings rich organic warmth into modern spaces

DESIGN REF: CL-S24-VALLEY

Warm • Rich • Architectural

POP DESIGN

CODE: CL-S25-FORUM

FORUM

A refined formal drawing room ceiling featuring clean stepped gypsum cornices, perimeter warm cove lighting, and an elegant multi-tier chandelier.

DESIGN HIGHLIGHTS:

- Stepped neoclassical architectural cornice steps
- Concealed perimeter LED halo illumination
- Central medallion point for crystal chandeliers
- Balanced symmetrical proportions
- Creates a grand formal entertaining atmosphere

DESIGN REF: CL-S25-FORUM

Neoclassical • Stately • Pristine

POP DESIGN

CODE: CL-S26-AMBER

AMBER

A modern dual-concentric POP design featuring twin rectangular light channels casting a warm amber glow over living and dining zones.

DESIGN HIGHLIGHTS:

- Dual concentric rectangular light troughs
- High-efficiency warm white LED strip arrays
- Secondary directional spotlight perimeter
- Even spatial illumination without harsh glare
- Clean geometric ceiling lines

DESIGN REF: CL-S26-AMBER

Concentric • Luminous • Modern

POP DESIGN

CODE: CL-S27-HORIZON

HORIZON

A calming contemporary ceiling featuring soft radius curved corners, warm perimeter cove light, and flush downlights in a serene cream lounge.

DESIGN HIGHLIGHTS:

- Soft radius curved inner tray corners
- Concealed perimeter warm white indirect glow
- Low-profile flush-mount ceiling spotlights
- Creates a relaxed and inviting living room sanctuary
- Seamless matte plaster surface finish

DESIGN REF: CL-S27-HORIZON

Serene • Minimal • Soft

POP DESIGN

CODE: CL-S28-RADIUS

RADIUS

A symmetrical recessed tray ceiling featuring continuous warm cove lighting that washes down adjacent walls, complemented by a white ceiling fan.

DESIGN HIGHLIGHTS:

- Crisp symmetrical rectangular recessed tray
- Continuous warm LED cove washing adjacent walls
- Dedicated center ceiling fan reinforced junction
- Evenly spaced perimeter spotlight grid
- Versatile design suitable for living or master bedrooms

DESIGN REF: CL-S28-RADIUS

Balanced • Versatile • Contemporary

POP DESIGN

CODE: CL-S29-DIAMOND

DIAMOND

A breathtaking villa ceiling featuring an intricate diagonal lattice of gypsum ribs with warm backlit coffers and a central crystal chandelier.

DESIGN HIGHLIGHTS:

- Intricate diagonal diamond lattice coffer beams
- Concealed edge backlighting inside each diamond bay
- Suspended multi-tier crystal chandelier centerpiece
- Bespoke handcrafted plaster molding profiles
- Statement luxury ceiling for grand villas

DESIGN REF: CL-S29-DIAMOND

Intricate • Opulent • Magnificent

POP DESIGN

CODE: CL-S30-SERENE

SERENE

An understated Scandinavian false ceiling defined by subtle layered steps, a soft warm cove halo, and precision glare-free architectural spots.

DESIGN HIGHLIGHTS:

- Understated subtle layered gypsum steps
- Soft 2700K indirect warm cove wash
- Deep-recessed glare-free downlight fittings
- Expands the feeling of room height and space
- Timeless Nordic minimalist architectural aesthetic

DESIGN REF: CL-S30-SERENE

Understated • Calming • Timeless

ARCHITECTURAL POP & COVE LIGHTING SYSTEMS

CRAFTED FOR AMBIENT LIVING & TIMELESS ARCHITECTURE

From multi-layer gypsum false POP ceilings with seamless indirect cove washes to coffered timber beams and sculpted parametric waves, Capsule Company engineers bespoke POP design architecture that harmoniously frames living spaces, acoustic warmth, and refined illumination across Bengaluru.

PRECISION PLASTERWORK

Saint-Gobain Gyproc boards, galvanised GI perimeter framing, anti-crack jointing compounds, and laser-levelled shadow gap reveals engineered for zero sagging.

INDIRECT COVE AMBIENCE

Warm 2700K–3000K continuous architectural LED coves, glare-free magnetic track downlights, and custom chandelier structural reinforcements.
